Workers Try to Rescue Well Digger

Speculation on Olympic **Athletes**

By ED CORRIGAN

Associated Press Sports Writer NEW YORK (AP)-What's go-

ing to happen to track and field: in the United States after the 1964 Olympic Games if the Amaleur Athletic Union and the National Collegiate Athletic Association stay at each other's throats?

Probably nothing officially, Gen. MacArthur has been appointed the strong-arm abriter of their disputes until the Olympics. If he isn't available after 1964, some one else probably will be appointed by President Kennedy to settle the rows.

The only ones who will suffer will be the athletes. They are not i particularly interested in the argument, but last month when both the AAU started suspending athletes who participated in meets sanctioned by the rival organization, and the NCAA threatened to do likewise, it was time for them to sit up and take notice.

They didn't like what they saw -a power play between two large groups with the athletes caught in the middle. A few of the athletes came out for one side or the other." but most stayed quiet and hoped the dispute would be settled.

Gen. MacArthur forced a truce with the AAU remaining the sanctioning agent, but recognizing the United States Track and Field Federation, an offshoot of the NCAA.

The truce didn't last long-less than two weeks to be exact. The USTFF decided that it would sanction the meets which collegians entered. Part of the truce agreement called for the USTFF to confine its activities to collegians. The federation apparently interpreted this as meaning that it was to sanction the meds which the collegians entered.

Actually, it's doubtful if either side was completely satisfied with Gen. MacArthur's ruling. The NCAA emphatically wanted dual sanctioning power. It didn't get

The AAU definitely did not want to recognize the USTFF. Now, says the AAU: "Okay, we'll recognize the USTFF just as we do the YMCA and other organiza-

This won't sit well with the NCAA. Battle lines are being drawn on both sides for a new barrage after the '64 Olympics. President Kennedy has said he might call an All-Sports Congress if things don't remain settled after the Olympics.

Strike May Extend to West Coast

COLORADO SPRINGS. Cole. (AP)-The 69-day strike against New York newspapers may be extended to plants of the New York Times in Los Angeles and Paris, France, says the president of the printers union.

Elmer F. Brown president of the International Typographical Union, AFL-CIO, said the possibility of extending the strike would be considered today when a conference with leaders of two striking locals ressumes. He made the statement after

meeting briefly Wednesday with the New York leaders. Bertram A. Powers of ITV Local 6 and Thomas M. Laura of Mailers Union Local 6.

Brown said New York publishers had tried to get other newspapers to print their editions. "We have tried to isolate the

New Lease on Baseball at Age of 35

By JIM BECKER Associated Press Sports Writer Is 35 the age for a new lease on basebail life?

It was for Robin Roberts. may be for Luis Arroyo. Robin, a 244-game major league winner, sent his signed contract to the Baltimore Orioles Wednesday. He will get an estimated \$30,000, about the same as last year for his 16th season.

Roberts swept to comeback honors at the age of 35 after the New York Yankees released him without letting him throw a pitch in a regular game. Picked up by Charles Bateman, Blytheville the Orioles in late May, he wound up with a 10-9 mark and the league's second best ERA. He won eight games by one or two runs, and lost five by similar margins.

Arroyo, a sore-shoulder flop for the Yanks last season after a superb 1961 season, showed up at the Yankee advance camp in Fort Lauderdale Wednesday and threw hard for five minutes-the time limit at this early stage. "My arm is in shape," Arroyo

The story of the cherry tree legend was first published in 1806 in Parson Weem's "Life of Washington." True or not, it is a delightful story and through the years has offered a perfect excuse for serving a cherry dessert on February 22.

BISCUIT, BREAD AND ROLL RECIPES

Quik 'n Sure Biscuits are almost fool proof to make since the baking powder and salt are evenly distributed throughout the flour. You simply add the shortening and milk.

Angel Biscuits are a new taste treat in hot breads. They are actually biscuits containing yeast. But no rising time is required!

Garlic Biscuits are nippy tasting from the garlic and tomatoes that are poured over the unbaked biscuits. Serve them with plain meats such as chicken, round steak and ground beef patties,

Yorkshire Pudding is especially delicious served with roast. It's very easy to prepare. Should be served hot.

Supreme Chicken and Dumpling Casserole is elegant enough for any company menu, it's simply a combination of cooked chicken, hard cooked eggs and Dixie Lily Dumplings.

Raisin Muffins add zest and interest to breakfast, lunch or with dinner.
If you have a young cook in the family let her make these.

Caramel Nut Bread is wonderful as a between-meal snack and as dessert in packed lunches. It's slightly sweet but more like bread

Edible Valentine

Roses are red, violets are blue, sugar is sweet—and so is de-lectable Strawberry Valentine. On February 14th, it conveys the lectable Strawberry Valentine. On February 14th, it conveys the sentiments of the day and provides a memorable dessert as well. Thanks to the presence of strawberries, the dessert is appropriately rosy. And thanks to the presence of reliable unflavored gelatine, the texture is light and fluffy. There is no cooking involved—or only the length of time required to dissolve the unflavored gelatine. The ingredients are combined and simply chilled until firm. The dessert may go into a five-cup mold, or it may be turned into a glass bowl or sherbet glasses to avoid unmolding. However you choose to serve it, airy Strawberry Valentine enlivens the holiday.

Strawberry Valentine

1 envelope unflavored 14 cup sugar, divided 1/2 teaspoon salt 1/2 cup milk

1 package (10 ounces) frozen strawberries ⅓ teaspoon vanilla 2 egg whites 1 cup heavy cream, whipped

Mix together gelatine, 2 tablespoons of the sugar and salt in saucepan. Stir in milk. Place over low heat, stirring constantly, until gelatine is dissolved. Remove from heat. Add strawberries and flavoring. Stir until strawberries are thawed and mixture mounds slightly when dropped from a spoon. Beat egg whites until stiff, but not dry. Gradually add remaining 2 tablespoons sugar and beat until very stiff. Fold into gelatine mixture. Fold in whipped cream. Turn into 5-cup mold. Chill until firm. YIELD: 6 to 8 servings.

Frugal Favorite

When the winter wind whistles, few foods taste better than a hearty chicken stew with fluffy dumplings. And there is plenty to nearly encken stew with fully dumplings. And there is plenty to recommend the dish in addition to its delicious flavor. This cold-weather favorite is tops in thrift. The National Broiler Council points out that the modern bird is bred for meatiness. Despite its aura of luxury, chicken costs considerably less per edible pound than most other popular meats. Two more bonus features: Chicken is high in quality protein, low in calories. As a matter of fact, it is hard to beat a broiler-fryer for all-around virtue!

Chicken with Dumplings

1 broiler-fryer chicken, cut in serving pieces 2 cups water 2 teaspoons salt

1/2 cup diced celery 6 carrots, scraped and quartered 1/8 teaspoon pepper 12 small whole onions

Place chicken in saucepan or skillet with tight fitting lid. Add water, salt, pepper, thyme and celery. Bring to a boil. Cover; reduce heat to medium and cook 20 minutes. Add carrots and onions; cook 10 minutes. Drop dumplings* by spoonfuls (6) on top of a piece of chicken or vegetable. Cook, uncovered, 10 minutes. Cover tightly and cook 10 minutes longer.

*YIELD: 4 to 6 servings.

*Dumplings

1 cup sifted all-purpose

11/2 teaspoons baking powder flour 2 tablespoons instant non-fat dry milk solids 1/2 teaspoon salt 2 tablespoons shortening ½ cup water

Sift together dry ingredients. Cut in shortening to resemble coarse corn meal. Add water. Mix just enough to combine all ingredients.

Drink Florida's Liquid Sunshine!

That's just what you do whenever you reconstitute a can of fresh-frozen Florida orange juice concentrate. All year 'round—but in the winter months particularly—Florida's frozen orange juice is the perfect breakfast starter as well as after-school pick-up. Teen-age girls, busy with studies and social activities, need the daily required amount of vitamin C to keep them in sparkling good health—and good health means good looks, so important to teenagers.

cenagers.

Packed full of sweet, refreshing flavor, a six-ounce glass of this liquid sunshine contains approximately 82 calories, and provides the daily required amount of vitamin C for a teen-age girl. (Boys require even more vitamin C, so an eight-ounce serving is recommended for them.) Florida orange juice concentrate is still the least expensive source of vitamin C you can buy, averaging from four to six cents a serving. Your daughter needs almost three times as much tomato juice, five times as much pineapple juice, twenty-six times as much prune juice, to get the equivalent amount of vitamin C as is contained in orange juice!

The recent cold wave in Florida destroyed a part of the fresh orange crop, but the fresh, tart-sweet flavor of the fresh centrate will be just as good, for State Department of Agriculture inspectors check every bit of fruit before it's processed.
